

Test Certificate

For the fountain solution concentrate

” ALL STAR FOUNT FA ”

for sheetfed applications

a product of the company

ABC CHEMICAL COMPANY

The fountain solution concentrate „ALL STAR FOUNT FA“, a product of ABC Chemical Company in Clitheroe, Lancashire, England, was tested by the FOGRA in accordance to the guideline “How to test the corrosive potential of fountain solution concentrates” (version 12/2004). This guideline was jointly established with the printing press manufacturers listed below:

- **Heidelberger Druckmaschinen AG**
- **MAN Roland Druckmaschinen AG**
- **Koenig & Bauer AG**

The issued test certificate confirms that the tested fountain solution concentrate did not exceed the requested limits of corrosive attack against specific metallic materials as described in the above mentioned guideline.

The test certificate refers exclusively to the chemical composition of the fountain solution concentrate submitted for the test and as described in technical report No. 20616.
